

**CFM SAN DIEGO, INC**  
**PROCESS CONTROL SPECIALIST**

2784 Gateway Rd., Suite: 103, Carlsbad, CA 92009

Ph: (760) 434-8829 • Fx: (760) 434-9179

[www.cfmsd.com](http://www.cfmsd.com)

POWER GENERATION

WATER/ WASTE WATER

BIOPHARMACEUTICAL/ BIO TECHNOLOGIES

OEM ACCOUNT SUPPORT/ FACILITY MAINTENANCE

**Product Purchasing Guide**

- MASONEILAN** – Control VALVES, Regulators, Smart POSITIONERS, Level Controls
- HABONIM** – BALL VALVES, ACTUATORS, Valve Automation Accessories
- SCV** – GATE, GLOBE & CHECK VALVES (GEOTHERMAL TRIM OPTIONS), TRUNNION BALL VALVES
- TRIAC / AT CONTROLS** – BALL VALVES, BUTTERFLY VALVES, ACTUATION, Valve Automation Accessories
- BRAY** – TRIPLE Offset & HP Butterfly Valves, BALL, CHECK & GATE Valves; Electric & Pneumatic Actuators & Accessories
- DFT/DURABLA** – Spring Assisted, Non-Slam, Silent CHECK VALVES
- SWISS FLUID** – CORROSION-RESISANT Lined, Diaphragm, Ball, Butterfly, Check, Sampling VALVES
- REXA** – Electro-Hydraulic ACTUATORS
- QTRCO** – Pneumatic ACTUATORS; Quarter Turn & Linear, Double Acting & Spring Return Options; Flat Yoke & Rack & Gear Design
- PMV** – Valve POSITIONERS, PID Controllers
- CLARK RELIANCE / JERGUSON** – Level Gauges, Filter Elements, Transfer VALVES, Boiler Controls
- BURKERT** – Process/Diaphragm VALVES, Solenoid VALVES, Flow SENSORS, pH/Conductivity, CONTROLLERS
- MOONEY** – Pressure Regulators, Surge Relief
- HAYWARD** – Thermoplastic VALVES & Actuators, Filtration & Strainers, Pumps & Instrumentation
- ICON** – Temperature, Pressure, Level, Flow & Analytical Instrumentation & Controls, Leak Detection, Chemical Feed Equipment
- KROHNE** – Magnetic, Mass, Ultrasonic FLOW METERS, Ultrasonic, Radar LEVEL TRANSMITTERS
- SOR** – Pressure, Temperature, Level, Flow SWITCHES, TRANSMITTERS, Level Monitors
- REOTEMP** – RTD's, THERMOCOUPLES, Temperature and Pressure GAUGES
- PERMA-CAL** – DIRECT DRIVE, SEVERE SERVICE, Process & Test Pressure GAUGES
- NEON CONTROLS** – Specialty Pressure, Back-Pressure REGULATORS
- WYATT ENGINEERING** – Orifice Plates, Venturi Tubes, Flow Nozzles, Flow Meters
- AUTROL** – Smart Temperature, DP, Pressure, TRANSMITTERS
- VERIS** – DP Gas, Air, Steam, Liquid FLOW METERS, VERABAR/ACCELABAR
- TELEDYNE** – Flame and Gas DETECTION, Controllers
- INTERTEC** – Instrumentation ENCLOSURES, Custom HOUSINGS and SHELTERS
- RONAN** – Radiometric Measurement Technologies – LEVEL, WEIGHT, MASS FLOW
- AS-SCHNEIDER** – Instrumentation & DB&B VALVE Technologies

# Process Control Specialist

Temperature • Pressure • Level • Flow • Valves  
Valve Automation • Gas-Flame Detection • Enclosures

# Manufacturer's Representative Authorized Distributor

[www.cfmsd.com](http://www.cfmsd.com)

## Masoneilan

a Baker Hughes business

Severe Service Control Valves, Diverse Actuation Solutions, Advanced Digital Instrumentation, Positioners & Accessories, Pressure Regulators, Controllers & Repair Service Options. ▲◆✱

Floating, Trunnion, Cryogenic, Sanitary, High Pressure, Metal Seated & Flow Control Ball Valves; Engineered Pneumatic Actuators, Accessories & Valve Control Solutions. ▲◆✱

Triple Offset Butterfly Valves (Zero-Leakage), Resilient Seated Butterfly Valves, Ball Valves, Check Valves, Gate Valves, Pneumatic & Electric Actuators & Control Accessories. ▲◆✱

Gate, Globe & Check Valves; Thru Conduit Slab Gates w/ Geothermalized Trim Options, Floating, Trunnion & Rising Stem Ball Valves; Custom Engineered Solutions. ▲◆✱

Floating, Trunnion, Cryogenic, Sanitary, High Pressure, Metal Seated & Flow Control Ball Valves; Pneumatic & Electric Actuators, Butterfly Valves & Control Accessories. ▲◆✱

In-Line, Spring Assisted, Non-Slam Silent CHECK VALVES, Wafer & Flanged Designs for all Liquids, Gas or Steam, 1/4" to 24" & ANSI 150# thru 2500#, Steel, SS & Exotic Alloys. ▲◆✱

Ball, Butterfly, Check, Plug & Diaphragm Valves, Lined w/ Engineered Plastics (PFA, PTFE, PVDF, PP, UHMWPE, EPDM), Pneumatic Actuation & Control Accessories, Flow Site Glasses, Reactor Sampling Systems, Linings & Custom Molded Parts, Serving Corrosive, Abrasive & High Purity Applications. ▲◆✱

Self-Contained Electrohydraulic Actuation Technologies, Combining the Stiffness, Control, Repeatability & Power of Hydraulics with the Precision of Digital Communications, Rotary, Linear & Drive Arm Options, All Speeds and Fail-Safe Options Available. ▲◆✱

High Quality Precision Pneumatic Actuators; Quarter Turn & Linear, Double Acting & Spring Return Options; Flat Yoke & Rack & Gear Design; High Speed and Precision Control. ▲◆✱

Valve Positioners for all Applications and Requirements, Single & Double Acting, Pneumatic, Smart-Digital & Electro-Pneumatic Options, Position Indicators, Feedback Pots, & Limit Switches. ▲◆✱

Liquid Level Glass Gages & Magnetic Float Level Indicators, Site Flow Indicators, Eductors, Blending & Fluid Recovery Pumps, Separators, Coalescing Filters & Transfer Valves, Filter Separators, Oil & Gas Filtration Elements, Systems & Equipment. ▲◆✱

Solenoid Valves, "Islands" & Engineered Manifold Solutions, Process Instrumentation, Valving & Controls, Angled Seat, Globe, Ball, Butterfly & Diaphragm Valves, Flow & Analytical Sensors, Process Variable Controllers, Pumps & Accessories. ▲◆✱

## Mooney

a Baker Hughes business

Pilot Operated Pressure Control Valves & Regulators, Pilots, Filters & Accessories, Surge Relievers & Slam-Shut Protection, For Industrial, Power, Gas Transmission, NG & LNG Applications. ▲✱

Full Line of Instrumentation & DB&B Valve Technologies; Gauge Valves & Pressure Gauge Accessories; Monoflanges & VariAS-Blocks; Indicator, Safety & Fuel Valves. ▲◆✱

Complete Line of Magnetic Inductive, Variable Area, Ultrasonic, Vortex and Coriolis Mass FLOW METERS and FLOW CONTROLLERS; Magnetic Float, Ultrasonic and Radar Continuous LEVEL METERS and Signal Controllers; Analytical Sensors: Conductivity/Turbidity/Dissolved O2/Free CL2 and Process Variable Controllers. ▲◆✱

Pressure/Temperature/Level/ Flow Instrumentation Specialists; Switches, Indicators, Transmitters and Monitors; Non-Contact Continuous Ultrasonic Level Monitors; Mechanical Float, Ultrasonic "Gap" and "RF" Level Switches, Transmitters and Magnetostrictive Level Transmitters. ▲◆✱

Temperature and Pressure Instrumentation: Bimetal Thermometers, RTD's and Thermocouples; Pressure Gauges, Transmitters, Diaphragm Seals, Related Accessories and Customized Engineered Solutions for Industrial, Sanitary, Food & Beverage, Biopharm/ Biotech and Water/ Wastewater Applications. ▲◆✱

High Performance "Gearless" Direct Drive Pressure Gauges, Diaphragm Seals, Precision Test, High Visibility, Receiver, SKYDROL, Pneumo Depth, Caisson and Aerospace Gauges. ▲◆✱

Standardized and Specialty Pressure and Back-Pressure Regulators for the Analytical, Instrumentation, Petrochemical, Oil & Gas, and Specialty Gas Industries. ▲◆✱

Differential Pressure Flow Measurement and Control Product Technology (DP Flow Meters), Including the "Badger Lo-Loss®" and BVT Series of Flow Meters; Orifice Plates, Venturi Tubes, Flow Nozzles and Lo-Loss Flow Tubes. ▲◆✱

Full Range of Smart Transmitters for High Accuracy Process Temperature, Gauge Pressure, Absolute Pressure, Vacuum, Differential Pressure DP Flow & Tank Level Measurements. ▲◆✱

Complete DP Flow and Mass Flow Measurement; "Verabar" and "Accelabar" Primary Flow Sensors: DP Self-Averaging Pitot Tube Technology for ALL Piping Configurations; Transmount and Mass Transmount Integrated Flow Systems. ▲◆✱

Fixed Toxic & Combustible Gas Detection Systems; Electrochem, Cat Bead & IR Sensor Technologies; Flame Detection Systems; Universal Txmtrs, Receivers & Controllers; Complete Suite of Alarm Technologies. ▲◆✱

Complete Line of NEMA 4X Protective Instrumentation and Controls Enclosures; Enclosures for Electrical Terminations, Relays and Switches; Enclosure Heaters and Cooling Systems; Custom Engineered Buildings (NEMA 4X) of ALL Sizes, for ALL Environments, Applications and Requirements. ▲◆✱

Continuous & Non-Contacting Radiometric Measurement Technologies for Level, Density, Weight & Mass Flow. ▲✱

Thermoplastic Valves & Process Control Products, Ball, Butterfly, Check, Diaphragm, Needle & Solenoid Valves, Corrosion Resistant Pumps & Instruments; Filtration & Strainers, Pulsation Dampeners, Fittings, Connectors & Accessories. ▲◆✱

Corrosion Resistant Thermoplastic & Specialty Material Process Instrumentation & Controls, Temperature, Pressure, Level, Flow & Analytical (pH, ORP, COND, etc.) Instrumentation, Leak Detection, Alarms, Chemical Feed Options, Displays & Controllers. ▲◆✱
